

COMMONWEALTH OF KENTUCKY
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

THE APPLICATION OF HARRISON COUNTY)	
RURAL ELECTRIC COOPERATIVE)	
CORPORATION, INC. FOR AN ADJUSTMENT)	CASE NO. 94-432
TO ITS RETAIL ELECTRIC POWER TARIFFS)	

O R D E R

IT IS ORDERED that Harrison County Rural Electric Cooperative Corporation, Inc. ("Harrison County") shall file an original and 10 copies of the following information with this Commission, with a copy to all parties of record. Each copy of the information should be placed in a separate volume with each item numbered to correspond to the request included herein. When a number of sheets are required for an item, each sheet should be appropriately indexed, for example, Item 1(a), Sheet 2 of 6. Include with each response the name of the person who will be responsible for responding to questions relating to the information provided. Careful attention should be given to copied material to ensure that it is legible. The information is due no later than February 7, 1995.

1. Refer to Exhibit D of the application. Provide workpapers which show the derivation of the following amounts:

- a. \$219,123 decrease in Section C rates.
- b. \$28,476 increase in Section C load center rates.
- c. \$728,005 decrease in Section E rates.
- d. \$188,208 increase in Section E load center rates.

2. Refer to Exhibit E of the application. For each size light provide workpapers which show the derivation of the decrease in the fixed rate. These workpapers should identify the monthly energy (kwh) consumption for each size light and show how the decrease in Section E energy rates (per Exhibit D of the application) translates to a decrease in the fixed lighting rate.

3. Refer to Exhibit E of the application. The farm and home retail marketing rate has been decreased by the same \$.00424 as the standard farm and home rate which fails to maintain the existing 60 percent ratio between the marketing rate and the standard rate. Is this an intentional departure from the established ratio? If yes, explain the change.

4. In the event Harrison County's wholesale power cost is ultimately reduced by an amount greater than the decrease that went into effect January 1, 1995, should the additional reduction be reflected in retail rates by using the same allocation methodology proposed by Harrison County? If no, explain fully.

Done at Frankfort, Kentucky, this 24th day of January, 1995.
